

# Your future goals

## Making informed choices when researching and choosing careers

Here are some things to consider when researching careers:

- 1 What you like and are good at
- 2 How you like to work
- 3 What industries sound interesting

Start your research using the prompts in this worksheet:

### 1 What do you currently enjoy the most? What are your strengths?

#### Things I enjoy

Subjects: .....

Hobbies and interests: .....

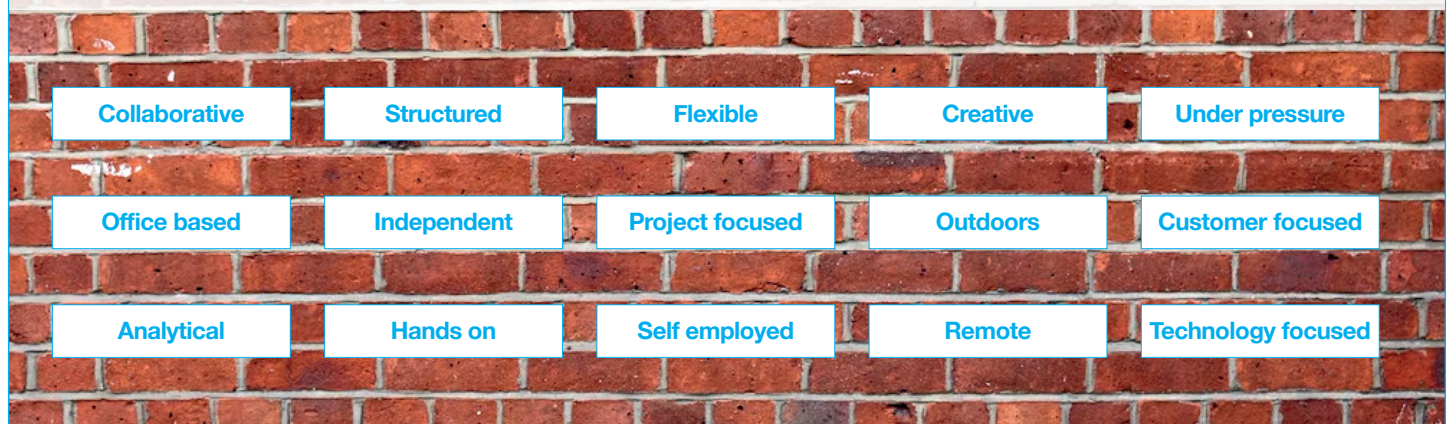

#### Things I am good at

Not sure what you are good at? Ask those around you (family, friends, teachers, etc)

Subjects: .....

Hobbies and interests: .....

### 2 Circle the working styles you prefer

3
