Number 1 in London for course and teaching satisfaction
(Guardian University League Tables 2020)

St Mary’s University is a public UK university (see gov.uk). Our teaching has been ranked high quality (Silver) by the Teaching Excellence Framework. Additionally, our Institute of Education has been consistently ranked as outstanding by the UK education regulator, Ofsted.

Number 1 in London for student satisfaction
(National Student Survey 2018)

Be a name not a number with a student-focused approach to learning, small class sizes and welcoming lecturers.

Beautiful London campus

Our safe, green campus is located just 30 minutes by train from central London. Live in halls on campus or in nearby university accommodation. Southwest London is great for shopping, eating out, riverside pubs, theatre and cinema, watching live sport and even boating on the Thames in the summer.
Gain work experience
Our Careers Service offers students the opportunity to do work placements whilst they study, a valuable addition to any CV. 93% of our graduates are employed or in postgraduate education after six months (HESA, 2018).

Olympic-quality sports facilities
with everything you would expect from a world-class sports institution, whether you want an active, healthy lifestyle or are aiming to be one of our future Olympians.

Study in the UK and another country
for a semester or a summer at one of our partner universities around the globe in Europe, the USA, Australia or Asia.
A global community

St Mary’s students come from a variety of backgrounds. You will be part of a diverse, vibrant and inclusive community, composed of over 90 different nationalities, where everyone is welcomed and valued.
- Spend a semester in London
- Live in halls on campus, just half an hour by train from central London
- Study at St Mary’s for Semester 1 or 2 (arrive September or January)
- Apply online through your own university or independently
- Choose three to four modules each semester
- Mix and match subjects as you like
- Option to take the St Mary’s Sport Package as an add-on

See www.stmarys.ac.uk/international/study-abroad for more information.
A warm welcome from our academic community

How to apply

There are three ways for international students to apply for undergraduate and postgraduate programmes at St Mary’s.

Undergraduate

Apply online directly to St Mary’s
If St Mary’s is your only choice of institution and you do not wish to indicate any other universities on your application, then we are able to accept direct applications via our International Undergraduate online application system: www.stmarys.ac.uk/international/form.htm.

Apply through UCAS (www.ucas.com)
If you are applying to more than one UK university, you may want to apply through UCAS (the Universities and Colleges Admissions Service). Our UCAS codes can be found on the website on each course page.

Apply through the Common App
www.commonapp.org
If you are applying from the US, or are applying to other universities/colleges that are also Common App members, then you may choose to apply to St Mary’s through the Common Application online system. If you are from a country where we have official representatives, you can apply to us with their help. Please see our website for further information regarding our representative partners.

After you have been offered an undergraduate study place as an overseas student and before we can issue a Confirmation of Acceptance for Studies (CAS) you will be asked to pay a minimum £2,000 deposit towards your tuition fees.

Postgraduate

You can apply online to study a Masters degree by visiting the relevant course page and clicking on ‘Apply for this Course’. Applications should be accompanied by two references and a copy of the certificate of the highest qualification you have gained to date. If you are still waiting to obtain your final Bachelors degree, you can submit your most recent academic transcript.

You are normally required to have at least a second class honours degree from a UK university or an equivalent overseas qualification. The International Admissions Team at St Mary’s is experienced in dealing with qualifications from all over the world. For more information about the specific requirements for your country, please visit www.stmarys.ac.uk/international or email international@stmarys.ac.uk.
Applicant journey

Apply to St Mary’s University (see page 14).

Receive a conditional offer (if you have not yet completed your academic or English language qualifications) or an unconditional offer (if you have already completed your qualifications and met any other conditions).

Accept your offer online.

If your offer is conditional, email us your final transcript and English language certificate when you receive them.

Once your offer is unconditional and you have accepted your place, you’ll need to pay a deposit of £2,000 if you require a visa to study in the UK.

We will ask you to complete an online form and to email us certain documents (for example, a copy of a bank statement). We will then send you a Certificate of Acceptance of Studies (CAS), so that you can apply for a student visa.

Before you come to the UK, we will send you information on how to book your accommodation, plus lots of helpful pre-arrival information.
Tuition fees
2020/21 non-EU undergraduate fees £12,250
2020/21 non-EU postgraduate fees £13,650 (with the exception of PGCE, Physiotherapy and Theatre Directing)
2020/21 EU undergraduate fees £9,250
2020/21 EU postgraduate fees starting from £6,000
2020/21 Study Abroad fees £6,125 per semester

For further information, and details on research degree fees, please visit www.stmarys.ac.uk/international/fees.htm.

Scholarships and bursaries
St Mary’s International scholarships are worth £3,000 off the first year’s tuition. The scholarships are open to first year non-EU undergraduate and postgraduate students taught on campus.

Applicants do not need to make a separate scholarship application and will be considered automatically for a scholarship after being made an offer of study. A panel will assess offer holders based on candidates’ prior academic achievement and personal statements. The scholarships are awarded on a rolling basis and therefore candidates who apply for their programme of study early may have a greater opportunity of success.

EU students
EU applicants starting their course in 2020 are still eligible for Home fees. Undergraduates may also be eligible for the Tuition Fee Loan or a scholarship for academic attainment, and postgraduates may also be eligible for the Master’s Loan or Doctoral Loan. St Mary’s also offers Sports scholarships for students who can contribute to our continued success in national and international competition. www.stmarys.ac.uk/scholarships

Non-EU students
www.stmarys.ac.uk/international/scholarships.htm
London is a great city to live in; you can live cheaply or extravagantly, depending on your lifestyle. At St Mary’s we have the benefit of competitively priced on-campus accommodation for undergraduate students, which includes breakfast and an evening meal. Below is an estimate of living costs for a student studying at St Mary’s.

### Cost of living per month

<td>£1,625</td>
</tr>
</tbody>
</table>

* One academic year typically consists of 9 months, from September to May.
** This is to cover lunch, as breakfast and an evening meal are included in your meal plan if you are living in on-campus accommodation.
Greater London location
St Mary’s has all the advantages of a great London location and the peace and security of a beautiful self-contained campus. With Kingston, Richmond and central London close by, you’ll always find plenty of things to do.

Our leafy campus is only 30 minutes from the heart of London, giving you the opportunity to take advantage of shops and entertainment as well as the cultural and educational benefits offered by theatres, galleries and the latest exhibitions.

Teddington and Twickenham are within walking distance and offer you a variety of shops, restaurants and pubs. Twickenham is on the river, and the larger riverside towns of Kingston and Richmond are just a short bus ride away. You will find cinemas, live music venues, bars, theatres, and a bowling alley, as well as an excellent range of shops, cafés and restaurants. Kingston nightclubs offer special deals for St Mary’s students and you will find other discounts for students in the area. St Mary’s is also an excellent location for finding part-time jobs.

For fresh air, nearby Richmond Park and Bushy Park in Teddington have hundreds of acres of beautiful, secluded woodland for get-away-from-it-all walks as well as space for cycling and running.

The Royal Botanical Gardens at Kew, Henry VIII’s Hampton Court Palace, museums, galleries and several historic houses open to the public, are also very close to the campus.
Our campus
St Mary’s offers you a pleasant learning environment on a beautiful self-contained campus, with a great social life in a diverse and safe community. With nearly 6,000 students studying here, it’s easy to make friends and feel at home.

18th-century Strawberry Hill House, world-famous architecture, plus state-of-the-art facilities, make our campus distinctive. The campus size sustains the friendly atmosphere and as you walk through the grounds you will nearly always bump into somebody you know. You’ll find social events and activities to suit you and plenty of space to socialise.
Lorenzo  Italy

“St Mary’s is simply unique. One of the best choices I ever made was to join St Mary’s and its community. Over the past two years, I have constantly learned and improved academically as well as at a personal level. It is true, St Mary’s puts its students first and I always felt that I could ask for help anywhere on campus.”
Lorenzo Ascione
BA Business Management with Sport Science (Year of graduation: 2019)

Aleksandra  Poland

“My three years at St Mary’s have been an enriching adventure that I’ve had the pleasure to experience. The campus is gorgeous, surrounded by nature in one of the most beautiful parts of London. I made lots of friends and attended a variety of student events as well as joined societies.”
Aleksandra Mrowka, Poland
BSc Psychology (Year of graduation: 2018)

Louis  USA

“Studying in St Mary’s was a fantastic decision to continue my pursuit of becoming a sports broadcaster. It has helped me create relationships with fellow students and staff that will last a lifetime. I learnt so much about what I want to do as a profession, all whilst enjoying my time studying abroad in a new country.”
Louis Olvera, USA
MA International Sports Journalism (Year of graduation: 2018)
Mark Malaysia

“Studying abroad in the UK is an opportunity to learn from some of the best minds in the world, as well as to network and form relationships. The best thing about the course was the accessibility to the teaching staff, and the relationships that we developed. I was treated well, and respected as an equal. I was left to a lot of self-initiated reading for the Masters, which I enjoyed.

Upon my return to Malaysia last September, I was transferred to the Headquarters of the Ministry of Health Malaysia. I am currently a Principal Assistant Director in the Medical Legislation and Globalisation branch of the Medical Practice division. The degree has increased my knowledge and widened my perspectives of ethical issues in medicine, and will influence my clinical practice.”

Dr Mark Tan, Malaysia
MA Bioethics and Medical Law

Xiaoqian China

“This course is about training students to teach maths in the UK. Being a teacher is my dream and I like maths very much, so this course is a wonderful platform for me to fulfill my dream. After knowing the history, location and teaching quality of St Marys, I feel this university is the best fit for me.”

Xiaoqian Zhong
MA Teaching and Learning with QTS (Year of graduation: 2019)
Saki Shibuya, Japan

“I like St Mary’s because it has a cosy and intimate feeling – people are all friends or are linked in one way or another, and I have enjoyed being in an environment where I have been able to meet new people and make friends along the way.”

Primary Education

Alpha Fürst, Norway

“Being an international student at St Mary’s University has been really interesting. I really like St Mary’s because of all the students that are welcoming and the beautiful surroundings of nature. The teachers are helpful and the Learning Development Team has been exceptional with help.

Living on campus is fun. There are a lot of social events to take part in. I would recommend St Mary’s University to anyone who is interested in having a new, fun and really interesting experience with teachers, managers and students that are really helpful. You will have the best possible experience.”

Study Abroad (Business Management)
The international student experience

We want all our international students to have an enjoyable and fulfilling experience at St Mary’s, and we offer a range of services and activities to help you make the most of your time with us – pastoral, academic and language support while you are studying, social events and on-campus facilities for you to enjoy during your free time, and a comprehensive orientation programme to help you settle in during those first few weeks.

Campus support services

The International Department is here to help international students to get the most out of what St Mary’s can offer. We also oversee outgoing study abroad programmes for students looking to add an additional period of overseas study into their degrees.

The Careers Service provides advice to students on finding and applying for suitable work and volunteering opportunities. They also run a range of workshops, presentations and fairs, including events aimed at incorporating international experience into CVs and career plans.

The Centre for Workplace Learning helps undergraduate students (including study abroad and full-degree international students) gain practical work experience and boost their CVs.

English language support is offered through both:

- Weekly in-sessional English courses, available free of charge, to help enrolled students improve their academic English.
- Pre-sessional courses for students looking to raise their IELTS score by up to 1.0 before starting their degree programme.
Student support
Personal tutors will be assigned to you in order to serve as a key point of contact whilst studying in London. Your tutor will provide you with academic support and guidance during your studies.

The International Office is here to answer your questions about how to apply for your student visa.

Safety and security: St Mary’s University is located in Richmond, one of the safest boroughs in London. Our campus is patrolled around the clock by our team of experienced campus safety officers.

The on-campus Health Centre offers the usual medical services provided by a GP practice as well as personal advice on all aspects of student health.

The Wellbeing Service offers professional counselling to students and runs a variety of events to promote positive mental health. Our counsellors all abide by the Ethical Framework of the British Association for Counselling and Psychotherapy (BACP), and you can be assured of a discrete service that is respectful and attuned to your needs.

The Chaplaincy has an inclusive mission and welcomes students from all faiths, and none, with a multi-faith prayer room on campus.

The Disability and Dyslexia Service offers extra assistance for students with disabilities, assessed on a case-by-case basis, to help you to be proactive in your studies as an independent learner.

International orientation – your first few weeks at St Mary’s

All students can participate in the St Mary’s Welcome Fortnight. Students from outside of the EU will also be invited to participate in an international induction session that includes:

- A free airport pickup service operating from London Heathrow Airport on selected dates.
- A comprehensive on-campus orientation where students learn about the facilities and support services at St Mary’s, British academic culture, the local area, and opportunities for travel in the UK and Europe.
- A range of social events to help international students get to know the area and settle in.
- A social programme of excursions and tours which can be purchased from our travel partner before arrival at St Mary’s.
At St Mary’s we understand that student accommodation is more than just a place to study and sleep. It is a place for you to become part of a vibrant and welcoming student community where you will have the chance to mix with students from around the world and meet people who will become your lifelong friends.

Students’ Union

St Mary’s Students’ Union (SMSU) is a registered charity run by students, for students. SMSU holds elections every year to give you your say on who should be voted in as your main representatives and leaders of the Students’ Union.

By becoming a student at St Mary’s, you automatically become a member of the Students’ Union. The SU provides support and a voice for every student, giving you the opportunity to have your opinions heard, whether they relate to academic, social or sporting matters.

The SU supports a variety of sports clubs and societies that provide the perfect platform for you to express yourself, make friends and socialise.

The SU has a bar and a club, and organises a variety of events on a weekly basis throughout the year. Events take place on and off campus, and include weekly club nights, the much anticipated SIMMStock music festival and the Summer Ball.

Sport at St Mary’s

St Mary’s understanding of the importance of sport to our students makes us synonymous with sport; in fact, even more than this, it makes St Mary’s a home for sport and physical activity.

We understand how important sport is to our students and the enjoyment and benefits that can be gained through participating. With a wide range of memberships, fitness classes, clubs and sporting programmes for everyone, you’ll be delighted with what the University has to offer.

The University has world-class sports facilities that have been used by numerous international teams. St Mary’s hosted South Africa, Australia and New Zealand for the 2015 Rugby World Cup, for example.

For the London Olympics, teams and athletes from ten different nations including South Africa, China, Japan and Ireland trained with us in preparation for their events.

At the Rio Olympics, St Mary’s athletes, students and alumni including Sir Mo Farah CBE, Moe Sbihi MBE, Susannah Townsend MBE, Karen Bennett and Joshua Buatsi all won medals, putting the University 25th on the overall medal table.

Paralympic success was also a story of the summer, with St Mary’s alumni Toby Gold and Corrine Hall winning three medals for Paralympics GB.

St Mary’s was host to athletes from 14 nations in the build up to the London 2017 World Athletics Championships, including China, Japan, the USA, Kenya and Canada.

Whether you are starting on your fitness journey, want to play sport with your friends or are a world-class athlete, St Mary’s provides a unique and inspirational sporting experience.

Visit us or take a virtual tour

We know that attending an open event and seeing the campus for yourself will play a crucial part in your decision about where to study. At St Mary’s our open events offer you the opportunity to see our facilities and accommodation, talk to our current students, and meet academic staff who can explain programmes in depth and answer all your questions.

Visitors to our campus are impressed by its leafy surroundings, historic setting and friendly atmosphere – so why not come and see for yourself?

St Mary’s runs weekly campus tours, details of which can be found on the website www.stmarys.ac.uk/open-events/undergraduate.aspx.

If you are unable to visit on a Wednesday, then please email international@stmarys.ac.uk and we will arrange a suitable time for you to have a tour.

Virtual tours
If you are unable to visit the campus, you can take a virtual tour at www.stmarys.ac.uk/contact/virtual-tour.aspx.
How to get to St Mary’s

By plane
St Mary’s is located around 30 minutes away from London Heathrow airport. You can take bus 285 from Heathrow central bus station (bus stop 19). However, you can also fly into London City, London Gatwick and Stansted airports which can be reached using public transport.

By bus
The 33 from Richmond stops outside the University, and the R68, 281 and 285 stop close by.

By train and tube
Strawberry Hill station is five minutes’ walk away with trains to London Waterloo taking 30 minutes. More frequent trains run from Twickenham. The nearest tube station is Richmond (District Line).
The St Mary’s International Department is here to help you find out all you need to know about the programmes we run and how to apply. We want to make it as easy as possible for you, and can answer any questions you might have regarding your application or financing your studies.
