Policy on contributions to Eye Tests and Glasses for regular uses of VDU’s and other Display Screen Equipment

1. St Mary’s University, Twickenham recognises its duty to comply with the Health & Safety (Display Screen Equipment) Regulations 1992 amended (2002), which includes provision for eye tests and glasses required specifically for use with Display Screen Equipment (DSE).

2. ‘There is no reliable evidence that work with display screen equipment causes any permanent damage to eyes or eyesight, but it may make users with pre-existing vision defects more aware of them. This may give some users some temporary visual fatigue or headaches. Uncorrected vision defects can make work at display screens more tiring or stressful than it should be, and correcting defects can improve comfort, job satisfaction and performance’ (Health and Safety Executive, HSE Guidance Notes on DSE Regulations 1992, (Amended 2002)).

3. Staff identified as ‘users’, as defined by the Health and Safety (Display Screen Equipment – DSE) Regulations 1992, are entitled to free eye tests annually (or more frequently as determined necessary by the Optician) at their employer’s expense. A user is defined in the regulations as “an employee who habitually uses display screen equipment as a significant part of his/her normal work”. It is the responsibility of the Head of School / Service to identify users within their School / Service and inform them of this policy.

4. A contribution of £50 towards prescription lenses (glasses or contact) and a contribution of £25 towards frames will be paid in accordance with the table below to those staff whose Optician has confirmed they require lenses (glasses or contact) specifically for DSE use. Lenses specifically prescribed for DSE use correct vision defects at the viewing distance or distances used specifically for the DSE work concerned. In addition, the employee must be defined as a ‘user’ by the Health and Safety (DSE) Regulations and confirmed by their Head of School / Service to use display screen equipment (DSE) as an essential part of their work and for a significant part of their normal working hours. Contributions towards lenses and frames will not be paid to those who require glasses for any other purpose as per the Health and Safety (DSE) Regulations.
