The ECT-Exchange

Supporting your journey through your first years of teaching and beyond

The **St Mary's ECT-Exchange** is a community of practice where knowledge, resources, expertise, and experiences are shared across:

- ECT1s and ECT2s for both secondary and primary phases, in mainstream and SEND schools.
- Experts, practitioners & researchers from St Mary's University.
- Practitioners and specialists from across the education sector.

ECT Portal: Your online gateway to access all elements of our growing research-informed programme, events and resources, designed to complement the ECT induction programme and wider CPD provision in your school.

St Mary's ECT-CPD: Our specialist panel of practitioners, researchers and lecturers discuss practical approaches to key pedagogical issues and respond to questions and case studies specific to your context.

St Mary's ECT-Pedagogy Panel: Join our full or half-day events where ECTs, lecturers, specialists, and practitioners collaborate on sharing and creating effective strategies and practice.

St Mary's ECT-Exchange (2026-27)
