Generative AI in schools – research and insights

Tuesday 16th July 2024

4-6pm | Registration from 3.30pm

**St Mary's University | K-block
Waldegrave Road, Strawberry Hill,
Twickenham TW1 4SX or online**

This free event explores the voices of students and teachers in primary and secondary schools about the use of generative AI.

The event will share findings from research completed by the School of Education and you will hear from others in the field about how these tools can shape education.
