

Individual Participant Study Timeline

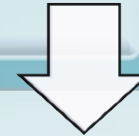

1. After expressing interest you will be sent a link to the online study page and questionnaire.

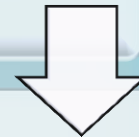

2. You will be required to fill out a questionnaire, which will take 5-10 minutes.

3. Following this, you will receive a saliva collection kit. This will either be given to you directly or sent to the postal address you provide in the questionnaire (prepaid return).

4. The saliva collection kit will require 5 minutes of your time. The instructions are included and are also available on this website.

5. The Saliva collection kit will need to be put in the post at your earliest convenience. This is the end of your participation in the trial.
