## Action needed: Are you in?

You and your wellbeing are of the utmost importance, and attendance plays a key part. We know that a dip in attendance could be a sign that you may be experiencing problems and can help us to support you – whether that is timetable clashes, an overload of work, or personal situations which can make attendance difficult.

The Staff and Student BAME Networks, alongside the UK:ME Society, have partnered to create some incredible events for students and staff to participate in.

Recognising the need to celebrate the history and contributions of our Black students and staff beyond the month of October, we'll be hosting other events from November onwards.

## Have you got a Student Club Membership?

Joining a university sports club is the highlight of many students' experiences. It can be a fantastic way to integrate into university life, meet new people, try a new sport or simply stay active!

Our student sports clubs are all unique in their own way, however, your club membership includes access to all of the below for just £185, or less than £6 a week.
