

Sport, Allied Health & Performance Science Careers Fair

Thursday 23rd February 2023
12-2pm | SU Lounge

Welcome

Welcome to St Mary's University Sport, Allied Health and Performance Science (SAHPS)

Thursday 23 February 2023

We would like to welcome you to our SAHPS Fair. The event has been designed to introduce you to our local employers and opportunities on offer. The event is meant to give you a head start in your career and to provide an insight into the experiences you can take advantage of before you graduate and apply for that all-important graduate job. There are over 27 organisations to engage with to help in finding internships, graduate opportunities, part time work and volunteering opportunities which can help to build your CV.

The employers at this event can be found in this programme, links to the employer fair is also in this document as well as will be made available on Moodle. Details of all participating organisations at this year's event can be found further below.

Make a plan

What are you hoping to get out of your time at the fair? Do you want to pick up information from the stands, or would you like to talk to employers about what their roles are really like? Maybe you are hoping to find tips on making a great application? Whatever it is, it is good to have an idea of what would make your visit to the fair a successful one. Also, make sure you get to attend the job searching and networking workshops as well as the employer/alumni panel (please refer to the timetable above or do visit Moodle to access the information for the session of interest to you).

It's good to talk

Everyone will have a different perspective and a different story about their own career path, as well as knowing about the opportunities that their organisation has available, so try to talk to as many people as possible.

Follow up

If your conversation with an employer is going well, it is worth asking for their contact details and, after the fair, sending them a follow-up email thanking them for their time, and/or linking with them on LinkedIn. The Employability Services staff will be happy to help you put together an email and/or help you develop your LinkedIn profile – to book an appointment please email the careers service team at careers@stmarys.ac.uk

Questions to ask an employer

Here are some questions to get you started when talking to employers:

- Can you tell me some of the things you (or your staff) do on a typical day?
- Where do you advertise your vacancies?
- Can you tell me more about your organisation?
- What opportunities are available?

Develop your contacts

Approach the employer job fair as not only an opportunity to find jobs, internships, and volunteering opportunities, but also, a way of developing your contacts for future graduate job searches.

Increasing research shows that more graduates found their graduate jobs through their contacts.

Job Areas – what area of work interest you?

Identify five job areas that you would like to gain experience or which you would like to develop further – see the list below for some examples.

The list of exhibitors detailed in this booklet also include a description of the job areas they are offering. Which organisation could help you tick off your list of missing work experience?

Administration		Marketing	
Business development		Media	
Customer Service		Purchasing	
Education		Property	
Finance		Research	
Fitness and Sport		Sales	
Government / Public Sector		Science / Nutrition	
Health Care		Sport Coaching	
Hospitality and Tourism		Support Work	
IT		Working with Children	
Legal		Other (please specify)	

Remember that you can chat to a member of the Employability Services team during the employer job fair, for help to make the most of your time at the fair.
